To all whom review the plan:

We are excited to announce it is the intentions of the Livingston County Board of Elections to host the 2023 November General Election as the LAST election with only two voting centers! 😊 We are as equally excited to announce Livingston County was approved for grant monies to purchase additional voting equipment to assure the return of precinct voting! 😊 Should voting equipment arrive as scheduled, precincts will be implemented for the 2024 May Primary Election! 😊

The Livingston County Board of Elections and I would like to thank all involved for their patience and trust in us as we served the voters with two voting centers since 2020. We humbly request, for the 2023 General November Election, for our County Election Plan to be approved, for the last time, with the same two voting centers. Keep in mind, the furthest any voter must drive is 12 miles to a voting center. In our rural county without traffic lights, fast food chains, and two Mom & Pop grocery stores, residents are accustomed to driving 15-45 minutes to the nearest Wal-Mart.

Respectfully submitted,
