Narrative Explanation of County Plan:

Our county board of elections agreed to have each of our regular polling locations opened on Election Day, along with one "supercenter" location at the Edmonson County Community Center, which is adjacent to our office. During the primary, we used this as our sole polling place, and it worked fine. In discussion with residents throughout our county, the desire was to make sure their regular locations were opened, if possible, for this election. We have a "write-in" Magistrate race that is confined only to one location (plus supercenter), as well as city races and a few school board races.

We are in great shape in regards to pollworkers and alternate pollworkers, and have already requested National Guard presence at our polling places through our Emergency Management Director. We anticipate a good, strong turnout. Mail requests have been lighter for this election thus far, but we do anticipate a significant number of early votes in our office, which is regularly opened Monday through Saturday.
