Franklin County Election Day plan

Six accessible locations in local school buildings will serve as polling precincts in each magisterial district. In addition, the Franklin County Election Headquarters, located at 317 W 2nd St., will serve as a countywide precinct. This office will also serve as the location for in-person early voting beginning October 13th. This will make a total of 7 polling locations on election day.

The Franklin County Clerk's Office will utilize multiple media sources to inform voters of their polling location. Any voter that is unsure of their polling location may also call the election office for assistance. Any voter that appears in the wrong location will still be able to cast their ballot using the E-slate machine in that location. If the voter prefers to vote by paper ballot they will be directed to their appropriate location, or directed to the Election Headquarters.
