Fulton County plans to utilize 3 super center locations for the November 3rd Election Day process. Location 1 will be at the Fulton County Office Building, large bay area, it will be primarily used for 5 precincts. But will have the capability to service any voter in the County.

Location 2 will be at the Cayce Fire Department. This mini center will primarily be for 2 precincts but will have the capability to service any voter in the County.

Location 3 will be at the Fulton Independent High School Gymnasium. This location will primarily be used for 4 precincts with the capability to service any voter in the County.

Locations are marked in blue on the map attached. Each location will have the ability to social distance while serving any voter from any precinct. I am utilizing 6 poll workers at each location, to help with sanitation, proper ballot distribution and to ensure voter confidence in this election.

Fulton County purchased a sanitation station that is portable, which will be used at most of these locations, but will also purchase an additional one, to be set up in the Clerk’s Office. We will need to purchase additional portable protective screens for the early voting. I have already been in contact with a vendor.

Fulton County still has a fair amount of PPE from the Primary election and will purchase more as needed.
