**Narrative Explanation of County Plan:**

We will have four in person "super voting centers" on Election Day. We normally have six locations with 22 precincts on Election Day. Voters in Grant County will be able to go to any of the four locations to vote. The two locations that will be closed, previously housed four precincts but the buildings are not conducive to social distancing guidance. We will offer early voting Saturdays near those areas to give more opportunity to those voters. All four locations are along I-75/US 25 which runs north to south through Grant County.

The four locations selected normally house multiple precincts so this will not be a change for the majority of Grant County voters and those locations are large school gyms and a cafeteria.

We will allow a voter to select the location that is best for them by having all ballots faces available at all of our in person voting centers and during all of our early voting.

All of these locations provide ample space as well as ways to have different entrances and exits.

We will ensure a voter can check in, receive a ballot, vote their ballot and cast their ballot all while adhering to CDC guidance.
