Narrative Explanation of County Plan:

Taylor County used 4 polling locations for the 2020 Primary Election and had 10 days of early voting at one location. We had a total of 5723 voters. We are expecting twice the number of voters for the General Election. With that in mind, we are trying/planning to do 2x what we did in June. We will be offering 18 days of early voting and will have 8 supercenter polling locations on Nov 3rd. Voters will be allowed to go to any polling location they wish.
