State Board Members,

I am including this letter with the Vote Center Plan for Anderson County. We thank you for your past support of Vote Centers as they have been very popular in our county. We have found that the voters love Vote Centers as well as early voting. They comment on the flexibility and ease as well as the increased security measures. Easy to vote and hard to cheat. We have ranked in the top 10 in percentage based on registered voters 9 out of the last 10 elections, with a 1st place, and the last 3 elections placing 2nd in voter turnout. We are asking to utilize the four (4) Vote Centers for the November General Election as we have in the past. Even though statistical data showed we didn't need to, our Board chose to open an additional location last November, in preparation for the 2024 Election Cycle. During the May 2024 Primary 43.7% of our voters voted early, .8 % absentee leaving 55.55% on Election Day. We can vote between 750-1,000 voters per hour. Our plans have worked well since 2020 and our board, my staff and I all agree that this plan will be more than sufficient for the General Election.

As always, feel free to contact me with any questions or comments at 502-839-3041 or my cell at 502-680-0878.

Sincerely,

Jason Denny

Narrative Plan <i>(please attach additional sheets if needed)</i>
1.) Why is this consolidation of these precincts desirable? <input checked="checked" type="checkbox"/> This is the same plan used in the last election This facility is the most popular location among our voters due to the ease of access and convenience. We can process 250-300 voters per hour at his location. We are planning for an 80% turnout.
2.) In what manner will Precinct Officers be assigned? <input checked="checked" type="checkbox"/> This location will be fully staffed with election officials We have and will continue to train an adequate number of election officers to check in voters, distribute ballots, assist voters, and answer questions efficiently.
3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?" We utilize the newspaper, social media, mailers, and portable signage to inform the voters of dates, times, and locations.
4.) How will the voting location serve as a focal point to meet the needs of a diverse community? Utilizing vote centers in Anderson County has significantly reduced the confusion both for early and election day voting. All voters can cast their ballot at any of the approved sites. Therefore, eliminating the need to send voters elsewhere. Having check in stations at each vote center that can process any voter in the county, has proven to be beneficial since 2020. This facility has more than adequate entry and exit points.
