For in-person voting on Election Day, the County Board of Elections will (check one):

- Consolidate precincts and precinct election officers (Requires Form SBE 74);
- Utilize the same plan that was used in a previous election (Requires current election dates on Form SBE 74); or
- Open all existing precincts.

Excused in-person absentee voting will occur (check one):

- Within the County Clerk's office; or
- In another location within the county (Requires Form SBE 74).

No-excuse in-person absentee voting will occur (check one):

- Within the County Clerk's office; or
- In another location within the county (Requires Form SBE 74).

Absentee ballot drop-boxes will be located (minimum of one location required):

Kenton County Gov't Center (inside and outside)- see SBE excel

Historic Independence Courthouse (inside and outside)-see SBE excel

I have attached:

- All required Form SBE 74 sheets

State Board of Elections
140 Walnut Street
Frankfort, KY 40601

Dear All,

I am writing on behalf of the Kenton County Board of Elections for review and approval of the 2024 General Election Plan.

The County Board is submitting all necessary documents for review to the SBE. All the polling location information that is being submitted is still subject to review and approval of the DOJ's remediation plan. The County Board voted unanimously for approval of the plan on July 1, 2024.

1. County Election Planning Report
2. SBE 74 OF LOCATION-a series of e-mails will be sent with .pdf
3. Map of locations. Best seen on https://linkgis.org/mapviewer_voting/
4. Excel of drop box locations
5. Excel of pending polling locations
6. Ballot Matrix for state codes and precinct names

Drop Boxes- four (4) drop boxes located in two locations.

Inside & outside at Kenton Co Gov't Center, 1840 Simon Kenton Way, Cov.

Inside & outside at Historic Independence Courthouse, 5272 Madison Pike, Ind.

Precincts- There are 72 precincts. This ballot will include:

Two Constitutional amendments

US Representative

State Senator for odd years

State Representatives

City Councils & Commissions

Independent School Boards and Common School District Divisions

City Tax question

City change of government question

Medical Cannabis question

Unexpired constable race

This will result in 108 different ballot faces.

Early Voting Locations- There are six (6) early voting locations that function as voting centers. The Northern Kentucky Convention Center was added just for this Presidential Election and will function as a true voting center for Early Voting and Election Day using the Express Vote and the Ballot on Demand Systems. This location will not be used in the future unless needed.

Voting centers allow a voter to go to any location to receive their precinct specific ballot. This is accomplished with using a Ballot on Demand printing system as well as the ES&S Express Vote. The Express Vote is essentially a ballot on demand system that has all the precinct specific ballots available.

Election Day Locations- There are thirty-eight (38) polling locations. Election day locations are listed as consolidated locations per definition of the SBE but are actually VOTING CENTERS.

Kenton County assigns precincts to specific locations for distribution of pre-printed ballots, but a voter can go to any location on Election Day as long as they are willing to use the Express Vote. The Express Vote is programed with all possible ballot styes and the DS200 is programmed to accept all possible ballot styles.

The six (6) early voting centers with the Ballot on Demand also are available on Election Day.

This Election Plan gives all voters, especially those with accessibility issues, more flexibility to choose the location most convenient for them. It also ensures that if a voter goes to the wrong location, or has moved, we do not have to redirect them to a different physical location.

There has not been a change in the locations, but there are several that have changed ownership since the primary and we have not had confirmation that they can be used for the General Election. The Board reserves the right to amend the plan pending the change or addition of a polling location.

Board's basic rule for manning each location is as follows:

Two (2) judges per location

Two (2) sheriffs per location

One (1) clerk per thousand assigned voters with a two (2) clerk minimum.

For the 2024 General, the Board would like to add additional clerks to decrease any potential lines based on an expected higher volume of voters.

Due to the DOJ agreement, the Board is required to have Election Day Surveyors (EDS) to review all the locations for 6-days of voting, three (3) days of early voting and the 38 locations on Election Day. We have four (4) EDS for 2024 General. These people are paid for the day as well as their mileage.

Board's basic rule for equipment for each location is as follows.

One E-poll book and printer per clerk assigned to the location.

One (1) DS200 scanner per 4,000 assigned voters since that is their ballot capacity.

One (1) Express per thousand assigned voters.

Not sure how many parking spots are considered sufficient.

Past, current, and future polling locations must be reviewed by the Department of Justice (DOJ).

Once there is approval by the DOJ, these locations can be:

1. Added to the location roster for Kenton County
2. Surveys can be added to SOS website.
3. Surveys can be added to the VRS.
4. Voter can be updated in VRS on their assigned polling location.
5. Voters can be notified as to their new assigned polling location.

Sincerely,

Gabrielle Summe

Kenton County Clerk

Chairman, Kenton Board of Elections

1.) Why is this consolidation of these precincts desirable? <input type="checkbox"/> This is the same plan used in the last election	
Pre-printed ballots will be available to those in the specific precincts listed above but if hte voter is willing to use the Express Vote Ballot Marker then they can vote at any location on Election Day.	
2.) In what manner will Precinct Officers be assigned? <input type="checkbox"/> This location will be fully staffed with election officials	
Judges: 2 Clerks: 6 Sheriffs: 2	Troubleshooter: 2 TOTAL # OF WORKERS: 12
3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"	
On website, newspaper advertising, direct mail postcards.	
4.) How will the voting location serve as a focal point to meet the needs of a diverse community?	
The goal is for each city to have a location to vote. Some cities will have more than one location because of geography, size or transportation needs. The 5 early voting locations will have print on demand ballots so if a voter goes to the wrong location they can still vote.
