OFFICE COUNTY COURT HOUSE

JAMIE HUSKEY

McCracken County Clerk P.O. BOX 609 PADUCAH KY 42002-0609 TELEPHONE 270 444-4700

June 28, 2024

Enclosed is the VOTING PLAN FOR MCCRACKEN COUNTY. The McCracken County Board of Elections will be using the same plan that was used in the 2024 Primary with the addition of another EARLY VOTING CENTER. The McCracken County Board of Elections, per State Secretary Adam's recommendation will implement the second EARLY voting center to give voters in the county another alternative to vote EARLY. One EARLY voting center will be in its current location, the McCracken County Courthouse basement located at 300 Clarence Gaines St. Paducah KY 42001. The other location will be at WKCTC (West Ky Community and Technical College) located at 4810 Alben Barkley Dr. Paducah KY 42001. Please see attached the required SBE 74 forms for all locations including the new EARLY VOTE CENTER. McCracken county will have 2 EARLY Vote Centers, 2 Vote Centers on Election Day and 17 locations for voters to cast their votes. We strive to improve the quality of our plan for the convenience to all voters in McCracken County.

Sincerely,

JAMIE HUSKEY

MCCRACKEN COUNTY CLERK

Jamie Huskey

<u>Storage</u>

All scanners and ADA machines will be stored in the McCracken County Warehouse located across the street, at 220 Clarence Gaines St. from the McCracken County Courthouse. There are two locks on this building, always. The two keys to this warehouse are locked in the McCracken County Clerk's Office voting room vault, unless mandated differently by a McCracken County Circuit Court judge.

All EPOII Books (electronic rosters) will be stored in a secure, locked vault in the McCracken County Clerk's Office that can only be accessed by deputy clerks working in voter registration. One key to the secure room is locked in the voting room vault and the other is locked in the County Clerk's private office.

<u>Inventory</u>

Each serial number for each machine will be maintained, and each machine will be assigned a voting precinct. The same machine will be assigned each election to the same precinct. All lists of repairs for machines will be maintained by the Clerk's Office and Harp Enterprises.

Voter Registration System Access

Only the State Board of Elections can grant access for deputy clerks. This must be requested by the County Clerk. A minimum number of deputy clerks are granted full access to the voter registration system. Additional deputy clerks have 'read only' access to the system to provided elections day support. The list of deputies that have access is reviewed twice a year before each election to insure only appropriate persons have access.

Ballots

Ballots are checked and verified by two clerks and then re-verified by the County Board of Elections on the day the ballots are placed into the voting machines and sealed by the Board. The ballots are kept in the warehouse with the voting machines which always remains locked. There is also a Print on Demand system. The Print on Demand machines are also locked and sealed within the voting machines.

Procedures

Ballots are checked, loaded, locked, and sealed in the voting machines by precinct in the presence of the County Board of Elections and at least two deputy clerks. Seals are maintained unbroken until the morning of the election when precinct officers open the voting machines.

Election Officers

Election Officers are retained by both the Democratic and Republican parties and assigned by the respective board members to their assigned precincts. All election officers attend a training session, as required by state law, before the election. McCracken County's training session is contracted to Harp Enterprises so that the county is covered in case of liability issues.
