June 26, 2024

State Board of Election 140 Walnut St Frankfort, KY 40601

Re: Warren County November 2024 Location Plan

Dear State Board of Elections Members and Staff:

On Thursday, June 20th, 2024 during the regular monthly meeting, the Warren County Board of Elections voted 4-0 to accept the enclosed voting plan for the November 2024 General Election. This is the same plan Warren County used for the May 2024 Primary. We will have (5) five countywide vote centers, and (14) fourteen election day vote centers.

Warren County currently has 93,593 registered voters. Using historical data, and the anticipated high turnout due to the presidential election, we are estimating a 65% turnout. We used each location's turnout percentage for the last five elections to help determine estimated November 2024 turnout per location. We are confident all 14 locations will be fully equipped and staffed to handle the maximum number of voters expected at each facility.

Our transition to Verity Print on Demand in May 2024 was a success. We plan to purchase 12% paper ballots as an emergency backup. The enclosed spreadsheet outlines our daily allocation of equipment and officers for each location. We will ensure parity among all poll workers across all locations.

Included is a labeled map of locations, and an example of how we set up our countywide vote centers. The board distributed a letter to every registered voter in the county in May 2024 with both May and November voting dates, locations, and the clerk website for additional information. For November, we will continue to produce informational handouts for office staff, candidates, and political parties to distribute. This will be

combined with our previous outreach of advertising on social media, the county website, and the Daily News. All information will also be available on our website at warren.countyclerk.us.

We look forward to a busy, successful voting season.

Sincerely,

Lynette Yates, Chair

Warren County Board of Elections

WARREN COUNTY VOTE CENTER SETUP

Clerks and ballot judges are separated at the vote centers. This allows all Print on Demands to be fully utilized. This is especially helpful when a voter requires extra forms be completed before the checkout process can be completed. It keeps more ballot stations free.

Each vote center has a separate Voter Services to assist voters with unique circumstances, supplemental voters, provisional voters, and voters who require usage of the ADA machine. Voter Services is staffed with at least one deputy from the clerk's office along with election officers.
