State Board of Elections 140 Walnut Street Frankfort, KY 40601

Dear All,

I am writing on behalf of the Kenton County Board of Elections for review and approval of the 2024 Primary Plan.

The County Board is submitting all necessary documents for review to the SBE. All the polling location information that is being submitted is still subject to review and approval of the DOJ's remediation plan. The County Board voted unanimously for approval of the plan on February 12, 2024.

- 1. County Election Planning Report
- 2. SBE 74 OF LOCATION-a series of e-mails will be sent with .pdf
- 3. Map of locations. Best seen on https://linkgis.org/mapviewer\_voting/
- 4. Excel of drop box locations
- 5. Excel of pending polling locations
- 6. Ballot Matrix for state codes and precinct names

**Drop Boxes-** four (4) drop boxes located in two locations.

Inside & outside at Kenton Co Gov't Center, 1840 Simon Kenton Way, Cov. Inside & outside at Historic Independence Courthouse, 5272 Madison Pike, Ind.

**Precincts**- There are 72 precincts with Democratic and Republican presidential primary candidates as well as a primary for the US Representative, State Senator, State Representatives and the City of Covington Commission. This will result in 165 ballot faces.

**Early Voting Locations**- Five (5) early voting locations that will function as voting centers which allows a voter to go to any location to receive their precinct specific ballot. This is accomplished with using a Ballot on Demand printing system as well as the ES&S Express Vote. The Express Vote is essentially a ballot on demand system that has all the precinct specific ballots available.

**Election Day Locations-** There are thirty-eight (38) polling locations. Election day locations are listed as consolidated locations per definition of the SBE but are actually VOTING CENTERS. Kenton County assigns precincts to specific locations for distribution of pre-printed ballots, but a voter can choose to go to any location on Election Day as long as they are willing to use the Express Vote. The Express Vote is programed with all possible ballot styles and the DS200 is programmed to accept all possible ballot styles. The five early voting centers with the Ballot on Demand also are available on Election Day and this helps give voters more choices.

This Election Plan gives all voters, especially those with accessibility issues, more flexibility to choose the location most convenient for them. It also ensures that if a voter goes to the wrong location, or has moved, we do not have to redirect them to a different physical location.

Board's basic rule for manning each location is as follows:

Two (2) judges per location Two (2) sheriffs per location One (1) clerk per thousand assigned voters with a two (2) clerk minimum.

Due to the DOJ agreement, the Board is required to have Election Day Surveyors (EDS) to review all the locations for 6-days of voting, three (3) days of early voting and the 38 locations on Election Day. We had four (4) EDS for 2023 Primary but with the increase in locations, we will likely have to add two (2) EDS. These people are paid for the day as well as their mileage.

Board's basic rule for equipment for each location is as follows.

One E-poll book and printer per clerk assigned to the location.

One (1) DS200 scanner per 4,000 assigned voters since that is their ballot capacity.

One (1) Express per thousand assigned voters.

Not sure how many parking spots are considered sufficient.

Past, current, and future polling locations must be reviewed by the Department of Justice (DOJ). Once there is approval by the DOJ, these locations can be:

- 1. Added to the location roster for Kenton County
- 2. Surveys can be added to SOS website.
- 3. Surveys can be added to the VRS.
- 4. Voter can be updated in VRS on their assigned polling location.
- 5. Voters can be notified as to their new assigned polling location.

Sincerely,

Gabrielle Summe Kenton County Clerk Chairman, Kenton Board of Elections
