### Narrative Plan (please attach additional sheets if needed)

#### 1.) Why is this consolidation of these precincts desirable?

☐ This is the same plan used in the last election

Instead of one early voting center we will have three so we need more voting machines for absentee purposes. We must consolidate locations on election day to use fewer machines, therefore providing more to use for absentee voting.

#### 2.) In what manner will Precinct Officers be assigned?

☒ This location will be fully staffed with election officials

A judge, a sheriff and two clerks minimum. Hope to have double that as well as a Deputy Clerk all day.

#### 3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"

We will advertise in the local newspaper, on our website and facebook page, on the county website and send out mailers

#### 4.) How will the voting location serve as a focal point to meet the needs of a diverse community?

This location is central for all voters in both precincts. It is spacious and will provide plenty of room for social distancing.

It is spacious and will provide plenty of room for social distancing. We are wanting to put these precincts back in location they were in prior to 2019. In 2019 this location was remodeled so we had to move these precincts to a location 3.1 miles away. Moving location back to golf course is more convenient for voters.
