Narrative Plan *(please attach additional sheets if needed)*

1.) Why is this consolidation of these precincts desirable?

☒ This is the same plan used in the last election

This is the same plan that was successfully executed in Grant County during the 2022 General Election.

2.) In what manner will Precinct Officers be assigned?

☐ This location will be fully staffed with election officials

We will assign 4 clerks, 4 paper ballot judges to work with the clerk and operate the Verity Print to issue a ballot, 3 Verity Scan judges, 1 sheriff and 1 Voter Center Supervisor serving as a Sheriff. We will ensure party parity at each location to the best of our ability.

3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"

Upon the approval of the State Board of Elections we will publish our plan on our website, the Fiscal Courts website, social media and the Grant County News. This plan is exactly the same as 2022 General and all voters received a postcard in the mail so they are already aware of their options. We will also produce signs to place in high traffic locations.

4.) How will the voting location serve as a focal point to meet the needs of a diverse community?

We have provided detailed information on our voting locations in our attached election plan. All of the locations meet ADA standards, including providing a wheelchair at all locations. When setting up each location voter traffic flow is examined and the layout of each location is determined by considering voters' needs and law requirements.
