### Narrative Plan (please attach additional sheets if needed)

1. **Why is this consolidation of these precincts desirable?**
   - [ ] This is the same plan used in the last election
   
   This is a similar plan as the 2020 General Election in Grant County. We have moved one school location due to parking and in consideration of voters in residential areas in Dry Ridge. Please see the attached plan for detailed location information.

2. **In what manner will Precinct Officers be assigned?**
   - [ ] This location will be fully staffed with election officials
   
   We will assign 4 clerks, 4 paper ballot judges to work with the clerk, 3 machine judges, 1 sheriff and 1 Voter Center Supervisor serving as a Sheriff. This plan allows for social distancing and enough officials to take turns wiping down equipment. If the center is busy we will add County Clerk staff to the No Excuse in Person Absentee location.

3. **How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"**
   
   Upon approval of the State Board of Elections we will release our plan on our website, social media, local radio, county newspaper and would like to send postcards to voters if funding is available for a mailer. Additionally, we will use the county call system, the Fiscal Court website, and the Chamber of Commerce email blast service. We did this in the 2020 General Election and it worked well.

4. **How will the voting location serve as a focal point to meet the needs of a diverse community?**
   
   We have provided detailed information on our voting locations in our attached election plan. All of the locations meet ADA standards, including providing a wheelchair at all locations. When setting up each location voter traffic flow is examined and the layout of each location is determined by considering voters' needs and law requirements.
