Precinct name Number of registered voters
All Precincts 73,998

Narrative Plan (please attach additional sheets if needed)
1.) Why is this consolidation of these precincts desirable?
☐ This is the same plan used in the last election

This consolidated plan is requested to decrease the number of locations and election officers in order to be more cost effective and also due to the lack of available locations in the county that can service a large number of voters on Election Day. All voting precincts will be available on the Express Votes so voters can vote at any location.

2.) In what manner will Precinct Officers be assigned?
☐ This location will be fully staffed with election officials

Based on experience, proximity, and availability. Will have 10 or 12 workers with party parity.

3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"

Will be noted as a vote center through push media, newspapers, and website advertisements.

4.) How will the voting location serve as a focal point to meet the needs of a diverse community?

The First Baptist Church was used as a voting location in the 2020 General election. It has ample parking, ADA compliant, plenty of room inside to spread out, and is easy to get in and out of. It is located in the western end of Richmond, close for the Southwestern part of the county for voter convenience.
