 This is the same plan used in the last election

More access for voters
 Need fewer pollworkers
 Positive feedback from voters in previous election.

2.) In what manner will Precinct Officers be assigned?
 This location will be fully staffed with election officials

3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"

Notices in newspaper and local radio, large signs posted

4.) How will the voting location serve as a focal point to meet the needs of a diverse community?

3 County wide Vote Centers will provide voting locations for rural residents as well as city residents in the most highly trafficked areas of the County. It allows for more people to pass through with more space to socially distance. Also eliminates the need for more pollworkers. 3 locations are strategically placed throughout the county to accommodate the most rural voters. (1)
