Richard House

We will Be using the same consolidated Precinct at 3 Locations the same as we did in the General 2020  
And the Primary 22, and General 2022. This works really in our county. We had a lot of good feedback  
from this.

**Narrative Plan** (please attach additional sheets if needed)

1.) Why is this consolidation of these precincts desirable?  
 This is the same plan used in the last election  
 These locations are the same as always. The difference is the E Poll Books will have specific Precincts and the Ballot Scanners will be consolidated and tallied by Precinct

2.) In what manner will Precinct Officers be assigned?  
 This location will be fully staffed with election officials  
 this will help with acquiring precinct officers and we may need less help to secure the voting process

3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"  
 The Normal advertising will be in place because all voters will go to their own precinct

4.) How will the voting location serve as a focal point to meet the needs of a diverse community?  
 These locations are directly in the center of our County on the South End, Middle County + the Northern End. these locations are all in schools. We have 12 precincts and the voting places are statically located
