 This location will be fully staffed with election officials
 this will help with acquiring precinct officers and we may need less help to secure the voting process

3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"
 The Normal advertising will be in place because all voters will go to their own precinct

4.) How will the voting location serve as a focal point to meet the needs of a diverse community?
 These locations are spread in the center of our County on the South End, Middle County + the Northern End. these locations are all in schools. We have 12 precincts and the voting places are statically located
