<b>Narrative Plan</b> <i>(please attach additional sheets if needed)</i>
<b>1.) Why is this consolidation of these precincts desirable?</b> <input type="checkbox"/> This is the same plan used in the last election <p>These 7 precincts have been located at this location since 2009. It provides good voter access, parking and space. Our county is rural and there are no other places that can provide the access, parking &amp; space. I cannot find enough Election Officers to cover the precincts and there is only 1 spare scanner. If we have more than one scanner go down during an Election we have nothing to replace it.</p>
<b>2.) In what manner will Precinct Officers be assigned?</b> <input type="checkbox"/> This location will be fully staffed with election officials <p>Each e-pollbook will have a Clerk, 4 Judges will be assisting with the ballot table, and 4 judges will be assisting with the scanners and Touch writers and 4 sheriff's to keep the lines moving. we are also planning on having a forms table for voter's who need to fill out any forms, this will keep the lines moving also.</p>
<b>3.) How will the voting location be publicized to voters? How will the location be noted as a "Vote Center?"</b> <p>This location has been used since 2009, housing the same 7 precincts. We will advertise in the local paper plus have signage.</p>
<b>4.) How will the voting location serve as a focal point to meet the needs of a diverse community?</b> <p>No voter would travel more than 9 miles to their voting location. With this plan nothing would be any different than in years past except the use of less Verity Scanners and less Election Officers. Only voters in these precincts can vote at this location. We cannot find enough Election Officers that will work and we only have one spare Scanner. If more than one Scanner fails on Election day we have no more to replace it.</p>
